

Power List 2014

GS SAREEN

Founder, President and CEO

Omni United

GS Sareen is founder, president and CEO of Omni United, which has a value-for-money proposition that has gained it the moniker “Ikea of tyres”. The 10-year old company clinched an Enterprise 50 Award in 2013 for its contribution to economic development in Singapore and abroad. Sareen himself won the DBS Insignia Spirit of Vision Prestige Award which goes to outstanding individuals who exemplify innovation and passion; and the Distinguished Business Leader 2013 Award, awarded as part of the Promising SME 500 campaign. Besides leading a business involved in supplying six brands of tyres — including flagship

brand Radar — to 80 countries worldwide, Sareen also led Omni’s efforts to provide relief packages to victims of Typhoon Haiyan/Yolanda in the Philippines. 2013 further saw Omni take a significant step towards its goal of becoming a truly eco-friendly tyre company: A series of carbon offset activities last year resulted in flagship brand Radar Tires become one of the first “Carbon Neutral” brands in the industry.
